

HOLLAND COLLEGE

THE AEROSPACE TECHNOLOGY CENTRE

Holland College is Prince Edward Island's community college and provides aerospace education and training for many of the province's aerospace companies.

◀ In 1998 Slemmon Park, in partnership with the Province of Prince Edward Island and the Government of Canada, financed construction of the Aerospace Technology Centre, a 54,000 sq. ft. state-of-the-art training facility operated by Holland College. Holland College's courses are directed to meeting both the current and future needs of the industry. Its aircraft gas turbine engine repair and overhaul course is accredited by the Canadian Aviation Maintenance Council and its aircraft maintenance technology course has received Transport Canada approval.

By strategically locating this facility in Slemmon Park, students receive on-the-job training as well as classroom instruction and have access to both full-time and part-time employment opportunities. Students have access to training, housing, food services and recreational facilities, all within walking distance of each other.

C O U R S E S O F F E R E D

- **Aircraft Maintenance Technology**
- Transport Canada Approved
Aircraft Maintenance Technician – 2 Years
- **Aircraft Gas Turbine Engine Repair and Overhaul Technology**
- CAMC accredited
- **Aircraft Gas Turbine Engine Repair and Overhaul Technician–10 Months**
- **Aircraft Structural Repair**
Aircraft Structural Repair Technician – 10 Months
- **Electrical**
Industrial Electrical Technician (IET) – 2 Years or Electrical Construction Wiring (ECW) – 1 Year
- **Electromechanical Technology**
Electromechanical Technician – 2 Years
- **Heating, Ventilation and Air Conditioning Technology (HVAC)**
HVAC Technician – 2 Years, Oil Burner Mechanic – 1 Year
Refrigeration/Air Conditioning Mechanic – 1 Year
- **Precision Machinist**
Precision Machinist – 1 Year
